**ERRATUM**

Four errors appeared in an article in the *Advances against Aspergillosis* supplement to the 1 October 2003 issue of the journal (Stevens DA, Moss RB, Kurup VP, Knutsen AP, Greenberger P, Judson MA, Denning DW, Cramer R, Brody AS, Light M, Skov M, Maish W, Mastella G, and participants in the Cystic Fibrosis Foundation Consensus Conference. Allergic bronchopulmonary aspergillosis in cystic fibrosis—state of the art: Cystic Fibrosis Foundation Consensus Conference. [Clin Infect Dis 2003; 37\[Suppl 3\]:S225–64](#)). First, in the second column of page S236, the protein named in sentence 4 of paragraph 2 should read "ZO1" [not "ZO1"]. Second, in column 2 of page S237, the first complete sentence (lines 4–9) should read "Results indicate that RAG  $-/-$  mice reconstituted with T cells followed by sensitization with *A. fumigatus* and neutralization of IL-13 failed to show any suppression of lung inflammation [203]" [not from unpublished data]. Third, also in column 2 on page S237, the second complete sentence (lines 11–13) should cite a new reference, which would be 226a (Ford JG, Rennick D, Donaldson DD, et al. IL-13 and IFN- $\gamma$ : interactions in lung inflammation. *J Immunol* 2001; 167:1769–77") [not unpublished data]. Last, the published year in reference 5 should be 1997 [not 1996]. The authors regret these errors.
